

Kentucky Tuberculosis Update for Physicians and Clinicians

May 11, 2017

10:30 a.m. to 5:00 p.m. Eastern

UK Albert B. Chandler Hospital, Pavilion A

1000 South Limestone

Lexington, KY 40536

Course Description

This clinical TB course update provides in-depth TB knowledge through case review and didactic lecture. The TB update will familiarize TB healthcare workers in Kentucky with new tools used in the diagnosis and treatment of TB infection through lecture, discussion, and practical application used in cases. Challenging cases will be discussed to ensure participants know how to approach the diagnosis and treatment of TB.

Topics

- Diagnosis of TB
- Latent TB Infection
- Case Conference
- Treatment of TB
- Challenging Cases

Target/Intended Audience

Experienced TB Nurses, Infection Preventionists, Employee Health Staff, Advanced Practice Registered Nurses (APRNs), Family Medicine Physicians, Internal Medicine Physicians, Pediatricians, Infectious Disease Physicians, Pulmonologists, Local Health Department Medical Providers, Local Health Department Nurses, Regional Epidemiologists, and other health professionals involved in the screening, diagnosis, treatment, management, prevention and control of tuberculosis.

Registration

- Participants must have a basic knowledge of tuberculosis.
