• What can we do for you?

A few words

Mike Lauzardo, MD, MSc.
SNTC Co-PI
Chief, Infectious Disease & Global Medicine
University of Florida

Dave Ashkin, MD, FCCP
SNTC Co-PI
Medical Director with SNTC & Florida State TB Program
What we do

- The TB COE will support domestic TB control and prevention efforts within their assigned regions with a focus on two major activities:
  - increasing human resource development through education and training activities and
  - increasing the capacity for appropriate medical evaluation and management of persons with TB disease and latent TB infection through medical consultation.
Training
